Rebuild brief

PRIORITY 1 · CONSULTING

One clean copper-to-fiber story

Reps explain shared copper vs. dedicated fiber differently within the same pitch. Keep the framing identical from door to close.

Team avg 8.9 / 14

5.1 pts/pitch left

PRIORITY 2 · TRANSITIONS

Bridge the phases instead of narrating the script

Reps blank mid-pitch or say the transition out loud. The pitch works; the seams between phases don't.

Team avg 4.7 / 8

3.3 pts/pitch left

PRIORITY 3 · DISCOVERY

Anchor price to their bill, then prove it

The bill-anchored value gap and the live speed test are being skipped. Stack the test on top of the bill number.

Team avg 11.5 / 16

4.5 pts/pitch left
