

Patterns, not one-off mistakes. A pattern appears when the same miss shows up in 3 or more of a rep's last 10 pitches. Reps see their own Pattern Interrupt page, clips and your notes included, so nothing here is a surprise.

TEAM-WIDE PATTERN

No spoken "yes" at hinge moments: James Soto, Anthony A., Knute Knudtson

When 3+ reps share a pattern it's a training gap, not a rep problem. Worth one team session.

HUMZA KHAN · INTRODUCTION · TRUCKS / NEIGHBORHOOD NOTICE

Opens with a question instead of the neighborhood notice

Missed in 5 of last 7 pitches · first seen Sep 14 · costing about 2.1 pts per pitch

WHY IT MATTERS

Leading with a question hands the customer control before they know why you are at the door. His first few exchanges get tangled and the pitch wanders before it lands.

WHAT THE PITCH CALLS FOR

Lead with the notice, then the who and what: "Hey, how's it going? I'll be super quick. I just gotta let the neighbors know you're going to see a ton of our trucks out here."

From the tape · 3 clips

"How long ago did you switch to fiber? What?"

Customer confused; the opener had to restart.

"Tiger game-- uh, so I'm, I'm talking about the fiber."

Lost the thread in the first 15 seconds.

DONE RIGHT · Sep 16 pitch · at 0:05

"Hey, I'll be super quick, you're gonna see our trucks out here this week."

Model clip: the customer stayed at the door and asked who we were with.
